Time: 6:30pm-8:00pm

Led by: Mike & Kellie Burgess

Everyone has heard that "attitude determines altitude." But isn't that just a cliché from the secular world? What does God think about attitudes? The author of this study, James MacDonald, says that God cares about our attitudes. In this study, based on the Israelites' journey out of Egypt, with lots of contemporary examples, MacDonald shows how attitudes can affect whether someone stays in the wilderness with negative attitudes or enjoys the blessings of the promised land with God-honoring attitudes. This study will guide you in making the move from the wilderness to the promised land living as you pray, "Lord, Change My Attitude". Through this eleven-session study, you can change your attitudes from those God hates and into those He honors: from complaining to thanksgiving; from covetousness to contentment; from criticism to love; from doubt to faith; from rebellion to submission.
